**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am just one customer of this US telecommunication network and I like to support my own network service, SONIC.NET.

The free economy means competition and by the monopolized business organizations eliminating the competition will not be fair for the consumers.

At this moment, I can't even engage the TV cable due to the higher monthly dues with lack of competition - recently streaming is coming in and the condition has been improved. It is critical our telecommunication system also have such freedom of competition and choice of engagement.

Cellphone market is pretty competitive and that is why I can keep a cellphone service. That is healthy.

Please do not allow AT&T and US Telecom to be dominating the this market place.

Thank you.
